EDUCATION

B.E

Bangalore Institute of Technology

08/2012 - 06/2017

Bangalore, India

Courses

- (Electrical & Electronics Engineering) - 60%

PERSONAL PROJECTS

E-commerce Project

- (Under Development)

Restaurant Website

- A website built with React JS having beautiful UI using CSS. I've used react-router to render various components and used the react-hooks to store the contact us form data.

Coaching Website

- A coaching center website where I used CSS to style & show the animations and react-router to render various components and used the react-hooks to store the contact us form data.

Portfolio Website

- This is my portfolio where I've showcased the designing skills along with react-router & react-hooks.

Movie Website

- (MovieAdda) - this website fetches data from an API and renders. It's design has been done with CSS and used the react concepts to render it.
